

David Jibao Walters
Statistician

David Jibao Walters is a statistician with nine (9) years working experience in research and statistical work. Before joining Stats.SL, he worked with UNICEF as a child protection officer in Moyamba district. He has worked in several statistical projects ranging from 2004 Housing and Population Census, first Demographic and Health Survey (DHS) in 2008 and many other statistical projects. Mr. Walters has worked as a District Statistician in Bonthe district for four (4) years and later in the same capacity in Kailahun district for four (4) years before transferring to the statistics head office in Freetown as Officer in Charge, coordinating Stats SL districts' operations, a position he is currently occupying.

Mr. Walters is known as someone who is willing to take up complex challenges in his working environment. He has a fifteen (15) years working experience in the private and public sectors.

Academically and professionally, he holds a Masters of Public Administration (MPA) and a Bachelor of Arts (BA. General) Degree. Mr. Walters is a humble gentleman who is very resolute, willing to learn and above all very dedicated to his duties.
