## 5.0 CPI COMPARISON FOR SELECTED ECOWAS MEMBER STATES

All selected countries, except The Gambia, reported increased inflation rates for the month of May 2022. **Figure 3: Recent inflation rates of selected ECOWAS countries**

**NOTE:** The National CPI measures the change in prices, on average, from month to month, of the goods and services bought by households, in Freetown, Bo, Kenema, Kono, Makeni, Port Loko-Kambia and include all expenditure groups. Prices are collected for least 440 items. All prices collected are the prevailing retail market prices from six (6) markets in Freetown and, three (3) Markets each in Bo, Kenema, Kono, Makeni, Port Loko-Kambia and for weekly prices and other outlets for monthly items whose prices are less likely to fluctuate rapidly. We are using the Modified Laspeyres formula to compute indices according to the Classification of Individual Consumption by Purpose (COICOP) with 12 functions.

Sierra Leone CPI has been recently rebased to December 2021, number items in the basket increased and the coverage expanded to North-West region.
